

Diana Gabriela Ribeiro Ferreira

Unraveling the role of adenosine A2A receptors on alpha-synuclein-mediated neurotoxicity

2018-02-26

FMUP, Aula Magna

Mobina Alemi

Role of Transthyretin in Amyloid-beta Peptide Efflux from the Brain, Uptake and Degradation by the Liver -Impact in Alzheimer's disease.

2017-12-21

FMUP, Aula Magna

Ricardo Manuel De Pinto Vaz

Efeitos da privação olfactiva no sistema límbico em modelo de rinosinusite crónica polipóide.

2017-12-06

FMUP, Aula Magna

Estrela Do Céu Da Costa Neto

Innervation and angiogenesis in bone healing: role of Neuropeptide Y

2017-11-28

FMUP, Aula Magna

Raquel Oliveira de Pinho

Deciphering the Molecular Effects of Alpha-synuclein on transcriptional Deregulation. DNA Binding and Histone Acetylation

17-07-2017

FMUP, Aula Magna

Margarida Martins Oliveira

Apetite Neurobiology and Modulation of Nociceptive Trigeminovascular Inputs. Studies to Understand Migraine Pathophysiology

14-07-2017

FMUP, Aula Magna

Elce Cristina Cortes Rebouças

Alcoolismo e Comportamento Alimentar. Estudo Neuropatológico e Neuroquímico no Núcleo Arqueado do Rato

12-05-2017

FMUP, Aula Magna

Catia Daniela Carvalho Ferreira Lopes

Chitosan-based platform for targeted gene delivery to peripheral nervous system

17-04-2017

FMUP, Aula Magna

Gisela Maria Henrique Maia

Role of ascending serotonergic pathways in epileptogenesis and epilepsy-associated pathologies

14-12-2016, 14h00

FMUP, Aula Magna

César Bruno da Cunha Monteiro

Prrxl1 and Casz1 transcriptional regulation in the development of the DRG-spinal nociceptive circuitry

14-12-2016, 10h00

FMUP, Aula Magna

Marta Alves da Silva

The role of the rostroventromedial medulla in painful diabetic neuropathy

07-10-2016, 14h00

FMUP, Aula Magna

Diana Sofia Marques Nascimento

Activating transcriptional factor 3 in joint inflammatory pain: exploring mechanisms at the sensory ganglia

15-09-2016, 14h00

FMUP, Aula Magna

Susana Filipa Saraiva Leal Abrantes Pereira

Complicações neurológicas no cancro da mama

19-07-2016, 11h00

FMUP, Aula Magna

Susana Moreira Ferreira

Caracterização das mutações do gene GLA encontradas em jovens doentes portugueses com AVC

03-06-2016, 11h00

FMUP, Aula Magna

Sónia Margarida Dourado Fernandes

Modificação do Sistema Dopaminérgico em Modelos de Dor Crónica: avaliação comportamental e electrofisiológica

11-04-2016, 14h00

FMUP, Aula Magna

Sara Raquel Monteiro Da Silva Adães

Lesão dos neurónios aferentes primários associada à osteoartrose experimental

14-12-2015, 14h00

FMUP, Aula Magna,

Maria Isabel De Sousa Regadas

Insight on the molecular mechanisms that control the expression of Prrxl1 in nociceptive neurons.

11-12-2015, 9h30

FMUP, Aula Magna

Sílvia Patrícia Morim Fernandes

Understanding the neuroprotective mechanisms of Acetyl-L-Carnitine

25-07-2015, 14h00

FMUP, Auditório CIM

Maria Celeste Pinheiro Dias Ferreira

Reactividade Cerebrovascular na lesão cerebral aguda

03-07-2015, 10h00

FMUP, Aula magna

Gisela Patrícia Da Silva Borges

Regulation of the activity of the Locus Coeruleus - Noradrenergic System in chronic pain

13-03-2015, 14h00

FMUP, Aula Magna
